Costa Lindia Conference Center

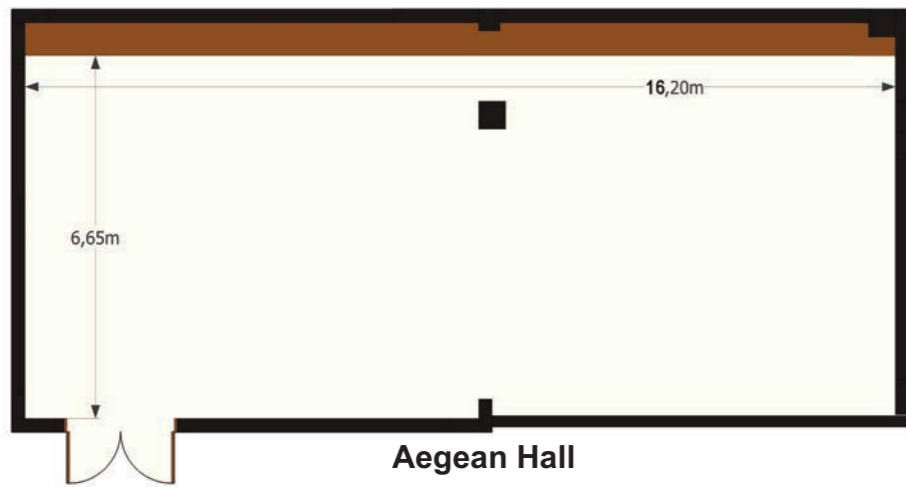

Rhodes is the largest island of the Dodecanese and the fourth of Greece.

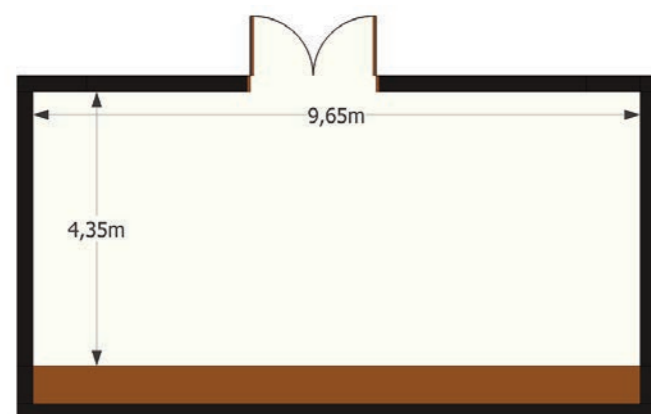

The main beauties of the east coast are Kallithea, a lovely bay with its famous thermal baths, the wide beach of Afandou, the Seven Springs, one the most enchanting landscape of the island with its rich vegetation and numerous springs, the monastery of the Virgin Tsampika which is located on top of a hill and has a breathtaking view over the sea and over Lindos, the picturesque village with white houses and its ancient Acropolis where the temple of the goddess *Athena Lindia* is located.

On the west coast it is worth visiting Filerimos with its medieval monastery, the Valley of Butterflies with several trees where thousands of butterflies refuge during the summer, Kamiros where you can visit the ruins of the ancient city of the 6th century b.C., and the medieval castles of Kritinia and Monolithos from which you can enjoy a spectacular view of the sea.

You should also visit the Byzantine monastery of Prophet Ilias, built on top of a mountain, and cape Prassonisi in the south edge of the island with its wonderful beach.
